Are We In The End of Days?

The love of power and the audacity of greed have bolstered nations whose communist and socialist-infested governments continue to threaten the free and democratic nations, including the United States of America. The United States has recently witnessed damning demonstrations of anarchy by radical-left mobs supported by one socialist-dominating political party subscribed to the new world order. *The United States of America is under siege.* Satan, unleashed and roaming the world for the ruination of souls, has transformed the hearts of men and women in leadership roles while the faithful continue to pray for God's Help in preserving the sanctity of life; liberty, and the pursuit of happiness. It is by no means God Who threatens freedom, peace and good will in the world now empowered by the beast. The problem begins with humanity, itself, because humankind does not take heed; we take for *granted*. The presence of Satan, at this time, may be at its strongest peak yet, ceaseless, and without boundaries, and yes; it is all part of God's plan to test the will of those who are loyal to God and those deceiving disloyal to Him. God gives us the chance to decide for

For the Glory of God

ourselves; we are on this earth here, by the Grace of God, and with free will. The paths we choose to follow are done so at the risk of our own choosing, and, Christ, both Judge and Jury, will ultimately decide if our final choices are enough to save our souls. There are two paths to be taken in life: one leading to a state of Grace, the other to a life of sin. One will lead to eternal life, the other to permanent death. Bear in mind that the choices we do make are not to be without merit or consequence, respectively, and are to be paid either here or at the final judgment. In **Matthew 10:34**, God's perfect plan is made clear: ***I did not come to bring peace but a sword.*** Simply stated, no matter the choices we make there is no guarantee that our lives here on earth will be the better for it, for complete peace will not be found here on earth but in Heaven. With all the complexities and tribulations having gone on in the world since its inception, it is acceptable, if not sensible, to believe that peace on earth may not be attainable in our lifetime. Rather, it is a matter of how we, as souls belonging to God, adjust to the absence of peace that will dictate the type of world we, humankind, are destined to live in. However, while total peace may be elusive from the world, we have only to look inside ourselves and find it there, for there is where we can

For the Glory of God

Rekindle Your Faith

connect with God and with His angels, and replenish the source of who we truly are, as individual souls, each touching the lives of those who cross our paths.

Remember the words of the song: *“Let there be peace on earth and let it begin with me.”* Peace begins inside each and every one of us. Our choices, too, affect those around us, so, choose your path wisely. Either you can aim for the light, or descend into darkness, and in doing so, carry the responsibility of influencing others to do the same. It is all up to you; the choice is yours. However, in the end, judgement belongs to God, alone. If you are treading the wrong path, and have for most of your life, there is always time for change and that time is now. It is never too late to come back to the side of right, to come back to God.

Wars result and divisions occur among the people of nations because of different mindsets, different beliefs, and different faiths; this because we do not know how to blend together as one unit under God. We are all different in our ways, yet we are the same in the eyes of God Whom created us in His image. We have gravely disappointed God. Humankind has been bred to hate, to hurt, and to hoard. Selfishness has replaced selflessness. Now, we have come to a place in the road where God’s Wrath has come upon us, more noticeably than ever before

For the Glory of God

because the generations today do not believe; not in God, not in Jesus, not in Divinity, but in themselves, their passions, their opinions, and their own needs and wants.

Because of mounting egos, power and jealousy; because of atheism, blasphemy, and the desecration of Holy days, we now stand at the horizon of chastisement. With all certainty, God has had enough of the relentless offenses committed in His name, and while He did not create the plagues put upon us, He is allowing His children to undergo this period of suffering for their sins initiated through the devious works of the followers of the evil one. When people ask why they or family members suffer and God does nothing to help, the answer is perfectly clear. God allows suffering. He allows suffering for sin. We may suffer here on earth, or we may suffer punishment after death. If Jesus Christ endured horrible suffering for our sins, who are we to live without blemish? *We* are the sinners.

The Book of Revelation is the last Book in the Bible and was composed by the Apostle, John, from the visions he had regarding the end of times. It is imperative that all the faithful in Christ, as well as all of those who believe in God, take the

time to read the Gospel, even if you have to do so online. In whichever manner you can, find time, at least an hour a day, to spend with God; you will be blessed for it. Particularly study the Book of Revelation for you may be surprised at the contents therein to include many prophecies given as signs heralding the end of times. The Book of Revelation, however, should be read with careful attention since it can be confusing to some or, perhaps, may appear contradictory to other books of the Bible, in which case a class on Bible Study or talk with a priest might make the Gospel more easily understood.

In Revelation, John discusses the seven seals and seven plagues to be loosed prior to the second coming of Christ. The seven plagues, however, may not necessarily all be illnesses, but, rather, seven (7) events that will plague the earth prior to the second coming. To date, we have had major earthquakes, hail, scorching sun, drastic winds, floods, all mentioned in the Bible. Today, they call it “climate change!” Lest we forget that God is in control of the universe and everything in it including the weather patterns. Rivers turning to blood, the death of sea life, and the mountains and cities crumbling to the ground, have not yet occurred, however, we are definitely undergoing something of a Biblical nature

For the Glory of God

as the weather patterns grow stronger and more erratic. Perhaps, we are in a prelude to infinity by virtue of the events of the last hundred years, events of a catastrophic nature, including wars and **rumors of wars**. We are standing at the doorway of eternity. All of God's Creatures have journeyed into the midst of the last days, the time prior to the second coming of Jesus Christ. It could be fifty years from now; twenty years...it could be, tomorrow. We must prepare ourselves as the signs from prophets and those in the Bible make it quite clear that the end is very near. But, is it truly the end of time? Scholars, Theologians, Saints, all have told us that we are in the end of times, however, the end of times, or the end of days, should not be taken to mean that we will witness the end of the world. Recent prophets refer to these as "the end of an era," which would mean the end of the world *as we know it*. God will not destroy the earth, but He will change the face of it forever.

Before the second coming, humankind is said to endure a purification process, a cleansing of sin, beginning with an "examination of conscious." When this process occurs, all of us will be able to see and feel every sin we have ever committed, and we will know, also, how God has perceived our sins. This will be

For the Glory of God

the first warning of what is to come. Following this will come the *Tribulation* or “the three days of darkness,” spoken of in the Bible, and by Saints and Prophets. These chastisements that will come upon us can be altered and/or removed, as Our Lady in her many visitations has reminded us, and this can only happen through prayer and cessation of offending God. If we continue to ignore her warnings, God will intervene in a most prominent way. Our Lady has also told to those who have been blessed by her presence, that wars are God’s wrath upon the earth for the offenses committed against her son. Thus, for as long as we continue to defy and offend the Lord, Our God, while here on earth, we shall incur His wrath accordingly, and most deservedly.

The generalized opinion of many believers today, and even among some of the more sensible non-believing, is the impending feeling that we may, indeed, be entering into a time when God takes the upper hand. There are passages in Scripture which attest to the signs which will usher in the end of days and some have already come to pass. Watch for the signs.

But mark this: there will be terrible times in the last days. People will be lovers of themselves, lovers of money, boastful, proud, abusive, disobedient to

their parents, ungrateful, unholy, without love, unforgiving, slanderous, with self-control, brutal, not lovers of the good, treacherous, rash, conceited, lovers of pleasure rather than lovers of God—having a form of godliness but denying its power. Have nothing to do with such people. – Timothy 3:1-5

Little children, this is the last time, and as ye have heard that antichrist shall come, even now there are many antichrists; whereby we know that it is the last time. – John 2:18

Who is a liar but he that denieth that Jesus is the Christ? He is antichrist that denieth the Father and the Son. – John 2:22

Pope Emeritus Benedict XVI, in one of the letters published after his death, advised us that the “the spirit of the antichrist is near us.” Father James Blount, Catholic priest, seer, and exorcist, in a recent lecture, spoke of meeting the antichrist face-to-face, through God’s allowance, and that although he could not divulge at this time the identity of the person who is very much alive today and among us, he was able to let us know that the antichrist of the Bible is a world leader. This is quite astonishing, and it gives further warning, and confirmation, that we are, without question, at the final peak of the dawning of a new day.

Of course, we can all talk about the signs and the drastic changes taking place all over the world, and we can sense that something is in the works though unable

For the Glory of God

Rekindle Your Faith

to rationalize what that something is. No one, not even the angels, know the day or the hour of the Return of Our Lord except the One who knows all. The Gospel gives Christ's followers clues and indications as to when the last days draw near. As Satan runs amuck, conniving his way throughout the world, unfortunate and vulnerable souls are left in his wake. Before his time on earth comes due, the evil one will bear a strong grasp on the world population, holding fast, as he breeds havoc across the globe in sudden excess, with a most notable increase in satanic cults and evil behavior where once there was good.

Biblical scholars, in general, tend toward the belief that the beginning of the "last days" on earth actually began in the year of Our Lord, nineteen hundred and seventeen, the year of the great war, World War I, the very same year that Our Lady of Fatima appeared to three small, blessed children in Fatima, Portugal, citing the urgency of the conversion of Russia before Russia's errors would spread across the world. Russia was courting communism in February of 1917 during the Russian Revolution, following the overthrowing and, later, murder of the Czar, Nicholas Alexander II, and his family.

The Balfour Declaration was signed in November, 1917, one month after the last apparition of Our Lady at Fatima, by Lord Arthur Balfour, the British Foreign Secretary. It was designed to establish “a national home for the Jewish people in Palestine,” Palestine at that time a British territory handed over to them by the Ottoman Empire. The Declaration did not unite the Jews, God’s chosen people, but gave them a place of refuge from persecution. In more recent times, The Balfour Declaration, which served to help the Jews, may be directly associated to the current ongoing strife between Israel and the Palestinians. The Jews returned to Israel, their original homeland, in 1948, after the November 1947 United Nations Assembly awarded them land in Israel as a Jewish state. To date, the conflict between Israel and Palestine rages on despite that Israel, alone, has a true purpose in God’s Divine Plan: it will be the seat of the new Kingdom of God when Christ returns; the *new Jerusalem*.

God’s chosen people, but for some, continue to refute Jesus Christ as Savior believing that they are still awaiting their Messiah. One of the signs heralding Christ’s return is the conversion of the Jews to Jesus Christ. This has yet to occur, however, there has been an increase in the numbers of Jews suddenly turning to

Jesus, and they are referred to as *Messianic Jews*. One such fellow is the re-known author and speaker, Jonathan Cahn. To read one of his books and hear him speak on prophecies and warnings of things to come is a gift. Cahn truly understands where we are and Who Christ is, and why this knowledge is extremely significant, and more important, for the coming days.

One day, all of the Jews will understand why they are the chosen ones, call it an “awakening,” and come home to Jesus where they belong. Until then, much in the world will remain unsettled. Jesus Christ is not only the Savior of all, Jew and Gentile. He is...God, Alpha and Omega; the great “I Am,” the God of Abraham.

Israel’s dominant role in the Old and New Testament, and in the second coming of Christ, must be fortified and preserved in the new generations. The truth be told, it took a non-politician, President Donald J. Trump, along with congressional approval, to declare Jerusalem the Capital of Israel and to establish a U.S. Embassy there. Trump recognizes the importance of Israel, and the 45th President of the United States also brought God back into the White House which had been laden with voodoo artifacts and other dark art symbols such as the goat’s head topping a gold mirror in one of the rooms at the people’s house. First

Lady, Melania Trump, insisted that an exorcism be performed in the White House before she would agree to move in.

“First Lady Melania Trump insisted the White House be spiritually cleansed before she would move in, according to an evangelical pastor. The first lady reportedly said, “I’m not going to go into that White House unless it has been completely exorcised,” Pastor Paul Begley said during the Feb. 2 edition of Weekend Vigilante, hosted by Sheila Zilinsky.

The pastor further relayed that Melania Trump also demanded that “pagan, demonic items and artifacts” from the Obama and Clinton years be removed from the White House. *“They cleansed the White House,”* Begley said. *“They had people in there anointing it with oil and praying everywhere.”*¹ Sadly, some radical members of our nation’s government, both the new and the well-seasoned, have displayed anti-Semitic, anti-Christian, and anti-white rhetoric; vengeful hatred that does not belong within the halls of power or within the house owned by the people of the United States of America. When criticized for such behavior, the deviant ones most always counter with accusatory remarks

Many antichrists. The United States of America is not, and never has been, a socialist country, though some will argue that we already have programs which are socialist by nature. While this is true, there are too few to substantiate declaring the United States a socialist nation. Socialism is one step below communism, the latter relying upon a government dictatorship; one in the form of government control, the other in the form of presidential control. This is not, nor will ever be, the code of the United States of America, though more than a few in political office have a strong, communist-leaning agenda, and even belong, as members, to the Communist Party USA, as researched and written about by author, Trevor Loudon, the very “errors” spoken of by Our Lady of Fatima to the children later to become Saints Jacinta and Francisco, and Sister Lucia.

The traits of a socialist society are both too numerous and too dangerous to

uphold the welfare of the people. Thriving upon the weakness of the people are the powerful, the politically ignorant, and the godless who will cause the perpetual decline of democracy both here and abroad if not condemned. As more and more people lose faith in God, good and innocent countrymen/women will lose their nations, their heritage, and their traditional values, which we see already happening.

Most notable of the traits of a nation progressing toward socialism/communism: global welfare, climate change and control, selective socialist programs, radicalism, lawlessness, the removal of a nation's history and heritage, removal of religious prayers and faith in schools and other public places, biased political correctness, biased and liberalized education, and the pushing of *sin*; abortion, debauchery, et. al.

According to author, Trevor Loudon, members of Congress who are also members of the Communist Party USA, are members of the Democratic Socialists of America, and they have changed the tide of the United States. *"For God and country!"* a symbolic gesture of patriotism, should be screamed from the rooftops wherever dissent and social integrations are being sown.

The United States Democrat Party, with a few Republicans thrown in the mix, is on the rise as being notoriously lawless, reckless, and compromising the welfare of the citizens of the nation with their socialist and communist ideology. A prime example of their socialist agenda is the women's *Reproductive Healthcare Reform Act*. A former governor of New York signed this bill into law as the New York State Assembly stood and cheered him on. Satan also stood on the sidelines giving kudos to those who condoned this sin and the promotion of it publicly. The heinous document allows full-term abortion "up to within 24 weeks from the commencement of pregnancy...or at any time to protect a patient's life or health." A composite for full-term abortion and, yet, the democratic governor of New York denies the obvious intention of the healthcare reform he is so proud of.

Other Democrats, including a former governor of Virginia, would extend that language to include killing the infant after it has been born. This is called "infanticide" and it is a dreadful slaughter of innocence. Infanticide existed during the time of Jesus' birth; when King Herod ordered the killing of the first born males in all Jewish households while looking for one in particular: Our Lord, Who would have been slaughtered had not St. Joseph heeded the warning of an angel

and fled with his family to Egypt.

Andrew Cuomo, had, only days before signing this Act into law, given a speech before the assembly citing that he was a proud Roman Catholic, and stating that all should align with Pope Francis. Little difference between this and First Lady, and Roman Catholic, Jill Biden holding onto Rosary beads while lecturing on contraception! This act of public defiance for the sanctity of life on the part of the political left prompted a steamy op-ed confrontation between Cuomo and the Roman Catholic clergy in New York. New York's Cardinal, Timothy Dolan, was compelled to remark that *"The democratic party has abandoned Catholics."* In the words of a "cancelled" Roman Catholic, traditional, priest, Father James Altman: *"You cannot be a faithful Catholic and a Democrat...period!"*

The truth be told that the new Democratic Party has not only abandoned Catholics, they have abandoned God, circumventing the faith completely by promoting an intolerable agenda of condoning sin and denying Christian principles, such as pro-life and the sanctity of marriage between a man and a woman, coercing radicalism and violence, and extreme disregard for the conservative faithful, and the patriotic. The former governor of New York had

For the Glory of God

also signed into law a bill for “marriage equality.” Nowhere in the Holy Bible does it state that same-sex marriage is acceptable to God. Yet, we now have the bishops in the Catholic Church who have agreed to the blessing of same-sex unions! They have turned against God by blessing sin! Will the Holy Father defend God? Governors throughout the nation who proudly sign into law abortion, late-term and otherwise, same-sex marriage, et. al., are condoning sin and pushing it on the citizenry whether or not it is against their respective faith. Fostering sin is evil. Shamefully, we have a nation, and a world of nations, falling into the abyss.

The Prosperity Preachers: False Teachers and Prophets: Christian in name only, they are considered among the Evangelist world as “motivational speakers” rather than preachers of God. The viable threat to salvation, these “false prophets” pose to the multitudes of faithful is both mind-boggling and frightening, for their preaching techniques are, at most, hypnotic and the monetary gain they incur is phenomenal. Self-serving and self-indulging, many of

For the Glory of God

these preachers have made millions off of the vulnerable faith-seekers, pampering their own luxurious lives off of the blood and sweat of those who feel the need to be driven by the excitement of the drama in order to become more spiritual and attuned to God. They have been taken extreme advantage of and, personally, do not seem to care all that much about the hype stirred up by these false teachers, antichrists, as their true motivation does not come from God.

What does the Bible tell us about false prophets?

The United States of America is becoming a state of Godless utopia. Christians are, today, are being maligned in a very dark place; where bad has become the new good and good no longer seems to matter. The lack of God and the lack of respect for God, is not only destroying the country, it is destroying the earth.

Without God we are nothing. Without God there is total and complete darkness.

The only way that humankind can salvage the nations and the earth is by believing in the Son of God, Jesus Christ, Who is the light, and hope, of the world.

The rise of atheists, agnostics, and satanists has drawn inhabitants of the world into a hellish pit of hopelessness and despair, and has dissolved it into a constant struggle for power, greed, condemnation, and a satanic shambles.

The powerful visions and prophecies had by Saints and Popes reflect a common theme: a future sentenced to evil and despair with many souls being tossed into the lake of fire before the coming end times.

St. Francis of Assisi, a monk of the Franciscan Order who was gifted with the stigmata, prophesied the future of the Holy Roman Church and of several Orders within. He said: *“The devils will have unusual power, the immaculate purity of our Order, and of others, will be so much obscured that there will be very few Christians who will obey the true sovereign Pontiff and the Roman Church with loyal hearts and perfect charity.”*

St. Francis further addressed scandals within the church and various orders: *“some preachers will keep silence about the truth, and others will trample it under foot and deny it.”*

Humanity has been forewarned for centuries regarding the end of times. The prophecies in the Bible as well as from the saints substantially document the ultimate battle between good and evil. It is not a battle of arms but of faith.

Catholics and Christians alike can no longer stand idly by and watch as Satan damns all the earth, taking Christianity with it. Mockeries and blasphemies of

Jesus and Mary continue all over the world, and where the Blessed Virgin Mary is the Patron Saint of the United States of America. The Holy church is suffering segregation of the faithful since the recently exposed scandals. Nor should Christians tolerate other faiths and religions who want to harm or kill innocence-- this is wrong and not of God. How forlorn Our Lady must be in witnessing the radicalism and hatred against God and all He stands for and has created.

Societies of the world are delving into the depths of hell while on earth, breeding hatred and violence, stemming from revenge of one sort or another. Did Our Lord seek revenge against those who ravaged Him so, who betrayed and mocked Him and scaled the flesh from His bones? No, He did not. Rather, Jesus said: ***Father, forgive them; for they know not what they do.*** -Luke 23:34

To emulate Jesus is to heal the wounds of the world and unify countries. The United States, and other nations of the world, are reaping a barren harvest and the Lord is not pleased.

Wake up! humanity or stand to lose everything because we cannot stop offending God.

There may still be time to please God, and to do this means speaking God

...*fluently!* In a message from Saint Augustine, the Saint urged everyone to “*speak God to everyone you meet.*” Wherever you go, and to everyone you meet, bring God along with you. Counter the negative with positive. Counter evil with good. At least try and God will be pleased.

To see where humankind stands today, open up the Bible and turn to the Book of Daniel. There you will be able to read for yourselves the signs and prophecies that have brought us to the beginning of the end. May God’s Mercy go with you.
